About This Game

In a post-Brexit UK, the government's Ministry of Works has come up with the brilliant idea of raising the dead to do the jobs no-one wants to do. What could possibly go wrong? Zombie apocalypse, that's what.

Now Hope Andrews needs to get home to London, while also teaming up with an unlikely partner - a zombie called Dave Gorey. Can they make it past the ELU horde? Was the outbreak an accident, or is there something more sinister going on?

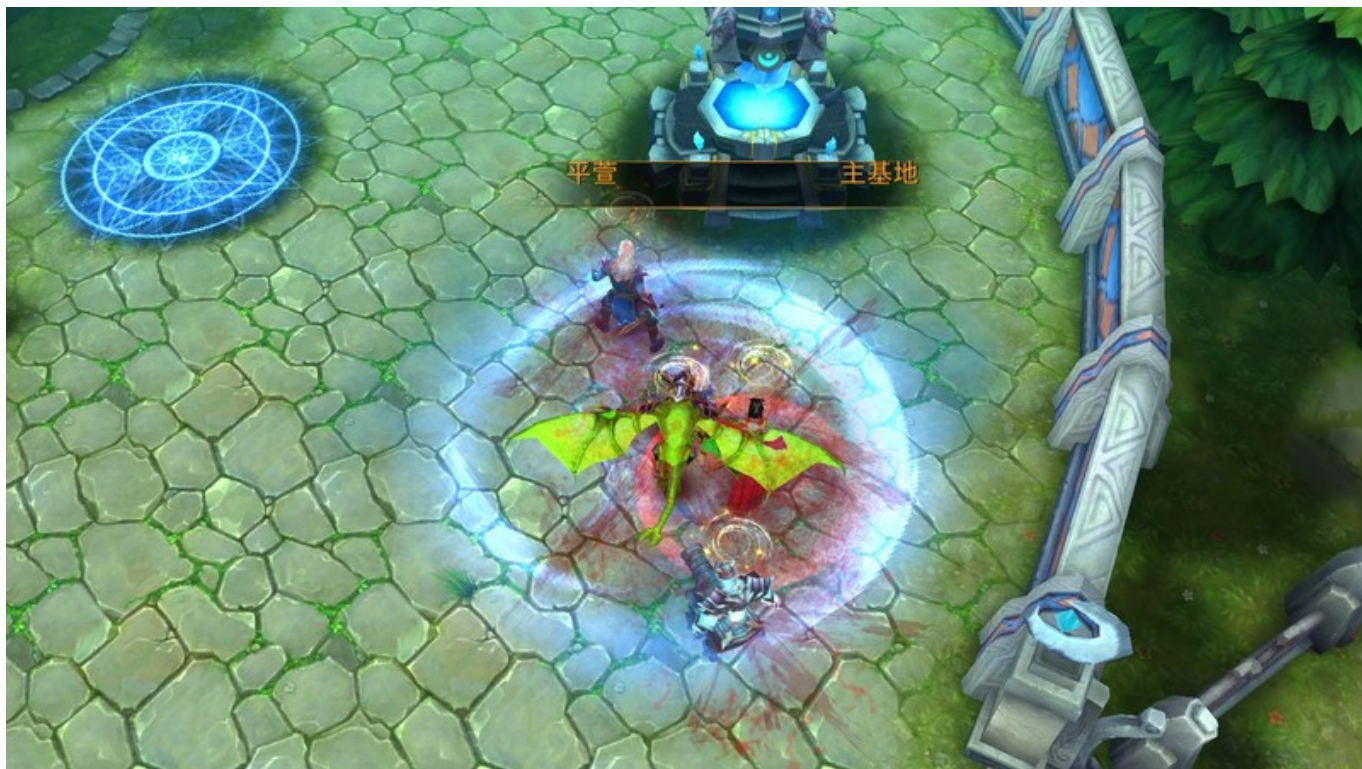

Ghoul Britannia: Land of Hope and Gorey is a point and click adventure game, reminiscent of 90's adventure games with story-driven gameplay and puzzles to solve. A unique art style combines beautiful hand-painted 2D backgrounds and lively 3D characters.

Currently in development by Binary Space, Ghoul Britannia is to be released later in 2019.

Title: Ghoul Britannia: Land of Hope and Gorey
Genre: Adventure
